RISE COMMUNITY FUND

The RISE Community Fund supported by National Broadband Ireland and Granahan McCourt is aimed at addressing the rural digital divide and will award 5 monthly grants of €1,000 each to empower local businesses, community groups, farms and social enterprises to enhance their digital strategy. The Fund offers an immediate financial injection into your local community, boosting the digital ecosystem.

Eligibility

All applicants must be over 18 years of age and operate within the monthly Community Fund Location area.

WHAT INITIATIVES DOES THE COMMUNITY FUND SUPPORT?

Each applicant's submission must support the positive impact of technology on their project highlighting an identified digital need. Non-technology related applications will not be considered.

CAN YOU MAKE MORE THAN ONE APPLICATION?

Each organisation can submit only one application in each community location area within the indicated deadline. Please note the deadline for your area as late applications will not be considered (Please see calendar above).

WHO WILL DECIDE WHICH APPLICANTS ARE SUCCESSFUL?

The RISE Team and Board will review, shortlist and decide the successful applicants.

HOW AND WHEN DO APPLICANTS FIND OUT WHERE THEY ARE IN THE SELECTION PROCESS?

We will contact all applicants by phone or email after final decisions have been made between 4-6 weeks after the application has been submitted.

HOW WILL I RECEIVE THE €1,000 GRANT FUNDS?

Each successful applicant will receive their €1,000 grant via Electronic Funds Transfer (EFT). We will require a recent bank statement matching the organisation's name to facilitate quick payment.

Terms & Conditions

- You are 18 years of age or older.

- You have given full and truthful information, both verbal and written, at all stages of the application and selection process.
- Each applicant's submission must support the positive impact of technology on their project highlighting an identified digital need. Non-technology related applications will not be considered.
- RISE/NBI will hold the personal details which you submitted with your application form and will not share with third parties.
- Awardees will be requested to take part in publicity about the grants and allow NBI and RISE to publish the names and images of successful applicants.
- Awardees will be contacted by RISE to share updates on their project's progress and outcomes.
- Awardees will be expected to share the successful outcomes of their projects in supporting other organisations where relevant and sharing best practice.
- Applicants must be located within the community fund location calendar and within the deadline dates listed.
- Due diligence is critical to RISE, organisations must be able to satisfy by supplying additional information upon request
- Annual turnover must not exceed €500,000
- By sending in your application, you accept these terms & conditions and [privacy statement](#).

Energy for Generations Fund

As a leading Irish organisation with deep roots in the community dating back to 1927, we are committed to playing a role in addressing some of the key social issues facing Ireland today.

Corporate Responsibility (CR) is at the heart of this vision. ESB's Energy for Generations Fund sees €1m per year disbursed through a quarterly fund to charities working in the areas of Suicide Prevention, Homelessness and Educational Access and Support.

Criteria

ESB's Energy for Generations Fund sees €1m per year disbursed through a quarterly fund to charities working in the areas of suicide prevention, homelessness and education access and support.

ESB has been supporting initiatives in the areas of suicide prevention and homelessness since 2005. The Energy for Generations Fund introduced a new focus on education in 2014, which recognises the need for educational supports at all levels to ensure that Ireland has the skills it needs to compete effectively.

Our aim with the Energy for Generations Fund is to maximise the impact of our investment by taking a more strategic approach to effect change. Funding is only part of the jigsaw – we also want to leverage the skills and knowledge we have within the company to bring about more sustainable and positive outcomes.

The guideline application amount is c. €15,000. This is neither a minimum nor a maximum, rather an indication of the scale of the resources available. Average funding awards in recent years have been c. €8,000 - €12,000.

How Does the Fund Work?

Charities working in the areas of suicide prevention, homelessness and education access and support can apply to the Fund for project specific funding.

Every quarter ESB allocates an amount from the Fund for disbursement. The amount may vary because of the volume of applications received or seasonal considerations - wintertime and Christmas may require more funding than summer.

Applications submitted during each quarter are appraised at the end of the quarter and funding allocated accordingly.

How to Apply

Deadline: 1 Apr 2024 (opening) / 22 Apr 2024 (closing)

[Visit the ESB website for full application details.](#)

The Hospital Saturday Fund Charity

The Hospital Saturday Fund was founded in 1873, at a time when poverty, overcrowding and ill-health were prevalent and little help was available for those needing costly hospital care.

The Hospital Saturday Fund has two grant categories:

1. Standard grants of up to £2,000 or €3,000
2. Large grants to up to £10,000 or €13,500 (please note this is the maximum sum that HSF will grant).

Eligibility

The Hospital Saturday Fund will consider giving grants to registered medical health charities within the United Kingdom and Republic of Ireland. The Hospital Saturday Fund will also consider giving grants to individuals within the United Kingdom and Republic of Ireland.

For medically related charities, hospitals, hospices and medical clinics:

The Hospital Saturday Fund will consider giving grants towards medical capital projects, medical care or research and in support of medical training. The Hospital Saturday Fund will also consider grants for running costs.

For Individuals:

The Hospital Saturday Fund will consider giving partial or full grants to individuals for the following: Specialised mobility equipment, wheelchairs, mobility scooters, car adaptations, medical appliances and aids, hearing aids, nebulisers, specialised vision aids, specialised computer equipment, therapeutic equipment/treatment, orthopaedic beds, mattresses or pillows, riser /recliners chairs, lift hoist/aids.

Physiotherapy, Hydrotherapy, Acupuncture, Speech Therapy, Osteopathy, Chiropractic treatment, Reflexology, Massage Therapy and Aromatherapy. Some adaptations, walk in showers, accessibility adaptations to bathrooms, access ramps, non-slip flooring, stair lifts.

Collaboration and Innovation Fund

The purpose of the Fund is to pay for collaborative and innovative projects that support adults with unmet literacy, numeracy and digital literacy needs, and create a more equal society.

In 2023, €1 million supported about fifty innovative projects and partnerships that enable adults to improve their literacy, numeracy and digital skills. The funding was given to a diverse range of organisations nationwide, from small community groups to libraries, refugee centres, support organisations and adult education providers and the results were amazing.

Adult Literacy for Life (ALL) is a 10-year strategy that aims to:

- ensure that every adult has the necessary literacy, numeracy and digital literacy to fully engage in society and realise their potential; and
- support organisations and services to be literacy friendly and fully accessible to adults with unmet needs.

What are the main criteria for getting funding?

- Collaboration: There must be at least two organisations involved.
- Innovation: Your project is new or innovative.
- Beneficial: Your project benefits adults with unmet literacy, numeracy, and digital literacy needs.
- Cost: Your project is good value for money, and is
 - less than €25,000 for a local project or
 - less than €50,000 for a national project.

How much funding is available?

In 2024, the total funding available in the Collaboration and Innovation Fund is €1.25 million. €1 million is available to fund local projects in any county in Ireland. €0.25 million is available to fund national projects that have a wider, national scope.

Who can apply?

Organisations that work in the public, not-for-profit, community and voluntary sector can apply for the Collaboration and Innovation Fund. Individuals and private sector organisations cannot apply for the Fund.

You need a minimum of two organisations working in partnership to apply for the Fund. One organisation is the lead applicant, and the other organisation or organisations are the partner applicants.

The lead organisation must provide:

- a tax clearance access number,
- tax reference number, and
- charity number, if applicable.

What is the difference between a local and a national project?

A local or regional project has an impact in one area, county or ETB catchment area. In a local project, the lead organisation is any public, not for profit organisation. The minimum amount of funding available for a local project is €1,000 and the maximum amount is €25,000.

A national project has an impact in more than one county or happens in more than one Education and Training Board area. In a national project, the lead organisation is a public, not for profit national representative body or an organisation that provides a service in more than one location.

The maximum amount of funding available for a national project is €50,000.

If you are not sure whether your project is local or national, please contact the ALL National Programme Office by email at allinnovation@solas.ie.

Youth Theatre Ireland - Support Schemes

The Youth Theatre Support Schemes were developed to respond to some of the needs of youth theatres where alternative funding options could not be identified.

The Youth Theatre Support Scheme is open to all affiliated youth theatres that are in good standing and have renewed their membership. Organisational and Individual members are not eligible to apply.

There are currently three stands to the Youth Theatre Support Scheme. For spring 2024, there is a total fund of €4,000 to support these schemes.

Youth Theatre Partnership

Have you met another youth theatre leader or group and felt that you would like to bring your youth theatres together? Youth Theatre Ireland has a one off, single award of up to €1,000 towards the cost of groups coming together for workshops or other collaborations/events.

Go See YT

A scheme to support youth theatres with ticket and travel costs to attend another youth theatre show or a professional theatre production. There are three awards with a maximum of €300 per award.

Drama Facilitation Support

Do you need someone to relieve a facilitator over a few weeks? Youth Theatre Ireland will support up to 3 x 2hr. sessions of relief drama facilitation in your youth theatre. Applications accepted on an on-going basis until the fund is exhausted.

Creative Europe Programme

Creative Europe is the European Commission's framework programme for support to the culture and audio-visual sectors.

The Creative Europe programme is open to cultural and creative organisations from EU Member States, as well as non-EU countries. Subject to certain conditions EEA (European Economic Area), candidate/potential candidate and ENP (European Neighbourhood Policy) countries can also participate in the programme on an equal footing with Member States.

Creative Europe Culture Sub-programme

Creative Europe (2021-2027) will support European creative sectors with a budget of €2.44 billion.

The Creative Europe programme 2021 – 2027 sets out common goals for the cultural and creative sectors. It puts a stronger emphasis on transnational creation, global circulation and promotion of European works, innovation across sectors, and ease of funding access through higher EU co-financing rates. All funded actions and projects should respect gender equality and the EU's environmental commitments in the design and implementation of their activities

The CULTURE strand of the Programme consists of the following actions:

- Horizontal actions covering all cultural and creative sectors: support to cultural cooperation projects, networks of professional organisations, platforms for the promotion of European artists and works, individual mobility scheme.
- Sector-specific support to complement horizontal actions in music, book & publishing, cultural heritage and architecture as well as other sectors.
- Special actions to reward and promote excellence and creativity such as the awards for literature, music, architecture and cultural heritage, European Capitals of Culture, and the European Heritage Label.

Creative Europe Media Sub-programme

The MEDIA sub-programme of Creative Europe supports European film and audiovisual industries in the development, distribution and promotion of their work. The programme supports projects with a European dimension while also enabling them to seek markets beyond national and European borders. Funding is also available for training, development, and new technologies.

Creative Europe Cross Sector Strand

The Cross-sectoral strand of the Creative Europe programme is designed to serve three primary functions:

- The establishment of a Guarantee Facility targeting the cultural and creative sectors
- The promotion of transnational policy cooperation
- Supporting a network of Creative Europe Desks.

The Arts Council - Touring of Work Scheme

The Arts Council is the national agency for funding, developing and promoting the arts in Ireland. The Council recognises that the arts have a central and distinctive contribution to make to society.

The objective of the Touring of Work Scheme is to make great art – of different kinds – available to more people throughout the country. When selecting tours to fund, we consider artistic excellence in the work itself and clear consideration of public engagement. In most cases, the work to be toured will have already been produced and well received by audiences and critics (see artform-specific criteria in the appendix for exceptions to this).

Successful applicants will also show how their tour will create – or make use of – a network of venues and/or other partners and collaborators. This might include other artists, producers, promoters, arts organisations, festivals, local authorities, funders, etc. Your partners and collaborators should contribute to the success of your tour in artistic, audience and geographic/spatial terms.

The Touring of Work Scheme, like all Arts Council awards, is informed by our ten-year strategy [Making Great Art Work](#), and connects in particular to the core priorities of the artist and public engagement. Other Arts Council policies that you should refer to are:

- Our spatial policy, [Place, Space and People](#), which seeks to ensure that artists, audiences and the arts thrive all over the country
- Our [Paying the Artist](#) Policy, which strives to ensure artists make and share great work for fair pay
- Our [Equality, Diversity & Inclusion](#) (EDI) Policy, which champions the equal rights of all to enjoy and participate in the arts.
- Our commitment to EDI is particularly strengthened through our [policy for children and young people's arts](#) and our work in [Arts Participation](#).

Individual artforms are supported through policies which can be found on our [website](#), and each artform has particular priorities for touring, which can be found in the appendix to these guidelines.

The Arts Council will publish a Climate Action and Environmental Policy in 2024, along with making specific climate and environmental training and resources available to the sector. While

the environmental impact of your tour will not affect your application in this round, we would like you to bear this in mind for the future.

How to Apply

Deadline: 9 Apr 2024 (opening) / 9 May 2024 (closing)

National Geographic Society Grants

We have awarded more than 15,000 grants since our founding in 1888.

The recipients of these grants, who we call National Geographic Explorers, are a diverse community of changemakers from around the world working to support our mission to illuminate and protect the wonder of our world.

Our Explorers are people of all walks of life from all over the world. They don't just venture to the tops of mountains or the bottom of the ocean. They're also in the lab diving deep into the microscopic world, in their local communities capturing the stories of a fishing village, or in the classroom sharing their discoveries with the next generation.

We fund individuals working on projects in science, conservation, storytelling, education, and technology that align with one or more of our focus areas.

And we don't just support their incredible work. We actively seek to help them network, connect, and learn with National Geographic and each other, empower them with cutting-edge tools, technology, and training, and further their impact and recognition through our storytelling.

We offer grant opportunities at various entry points to provide a dynamic pathway to join our community and engage with us.

Whether you are an aspiring Explorer or already a luminary in the field, each opportunity has unique criteria and benefits to ensure that our Explorers receive support and funding aligned to their specific needs and goals. Each year, a small number of grants are awarded to individuals who are just beginning their National Geographic journey, as well as those who are working on more advanced projects.

The National Geographic Society warmly welcomes and encourages applicants from historically and currently underrepresented and underserved populations to apply. National Geographic is committed to funding a diverse and globally representative cohort of Explorers. The National Geographic Society does not discriminate on the basis of race, religious creed, marital or parental status, sexual orientation, gender identity or expression, national origin, ancestry, age, or disability.

LEVEL I FUNDING

Level I Grants are designed for individuals who may be earlier in their career, those looking to establish themselves better in their field, those seeking mentorship from others in their field

and beyond, or those who want to grow their network and enhance their impact by joining a global community of National Geographic Explorers. This opportunity is best suited for individuals who have the potential and desire to make significant positive contributions to their field by leveraging the funding, capacity, and additional support provided by the National Geographic Society and connections to other Explorers. These grants are highly competitive and priority will be given to applicants who thoughtfully demonstrate how joining the [Explorer Community](#) will help to advance their career.

Individuals who are already National Geographic Explorers (i.e., those who have already received a grant from the National Geographic Society) are NOT eligible to apply for Level I Grants. Level I Grants are only available to individuals who are entirely new to the National Geographic Society network, as well as individuals already in the network who are not yet Explorers, including team members on previous grants, National Geographic Young Explorers awarded in 2019 or later, recipients of discretionary funding opportunities such as the COVID-19 Emergency Fund for Journalists and the COVID-19 Remote Learning Emergency Fund, and recipients of grants from the China Air & Water Fund.

Funding requests at this level can be up to USD \$20,000. Projects can be up to one year in length, although projects with “Technology” as the primary focus can be up to two years.

Benefits

Level I Grants receive funding up to USD \$20,000 and offer unique opportunities for training, networking, coaching, mentorship, and more from fellow National Geographic Explorers, experts, staff, partners, and forums. We are looking for individuals who are interested in becoming an active part of the [Explorer Community](#).

LEVEL II FUNDING

If you are more established in your field, have previously received a National Geographic Society grant, or are seeking a higher level of funding, you may apply for a Level II Grant. You are not required to have previously received a National Geographic Society grant to apply for this opportunity. These grants are highly competitive and reserved for select projects that push boundaries to achieve significant and tangible impact in your field. Projects can be up to two years long.

Benefits

Level II Grant recipients receive funding up to \$100,000. Smaller requests will be accommodated and will not be more or less competitive. At this funding level, grantees will

provide mentorship to others within the Explorer community, contribute their expertise, and may participate in relevant speaking engagements upon request.

The St Andrews Prize for the Environment

The St Andrews Prize for the Environment is a major international initiative led by the University of St Andrews that recognises and supports innovative and inspirational responses to environmental challenges, including the climate crisis.

The St Andrews Prize welcomes applications from individuals and organisations (including community groups) who lead projects that protect the environment and/or contribute to its sustainable development.

As a core aim of the Prize is to bring about substantial progress in solving environmental problems, we seek applications from projects where winning would lead to a step-change in the development and implementation of the idea.

Eligible projects

For a project to be eligible, it must:

- be an established project with a proven track record of success
- be related to sustainable development or biodiversity, and be aligned with the [UN Goals for Sustainable Development](#)
- be replicable from one geographic area to another and ideally be scalable in size
- have a clearly defined need for funding
- have the ability to inspire others in the field
- contribute to the global pursuit of sustainability in the short- to long-term
- meet high ethical standards in respect of intellectual property, and in how it interacts with people and with the environment
- be inclusive.

European Solidarity Corps Programme

The European Solidarity Corps is the EU's funding programme for volunteering and promoting solidarity.

Aims & Objectives

The European Solidarity Corps aims to:

- Empower young people to participate positively in their world: The programme aims to provide young people, including young people with fewer opportunities, with easily accessible opportunities to take part in solidarity activities that bring about positive societal changes in the European Union and beyond.
- Build an inclusive and democratic Europe: The programme aims to support young people and organisations across Europe and to strengthen cohesion, solidarity, democracy, European identity and active citizenship in the Europe Union and beyond.
- Promote sustainable development through projects at grassroots level: European Solidarity Corps projects are about addressing societal challenges on the ground, with a particular focus on the promotion of sustainable development, social inclusion and equal opportunities.

The European Solidarity Corp's priorities are:

- Inclusion and Diversity
- Environmental Protection and Climate Action
- Digital Transformation
- Participation in Democratic Life
- Health Promotion and Support
- Connecting EU and Youth

What does it support?

The European Solidarity Corps supports young people aged 18 to 30 to address needs in their community or abroad by taking part in activities across Europe.

Young people can volunteer or develop solidarity projects that benefit their communities at local, regional or European levels.

Projects are funded under 'Volunteering Projects' and 'Solidarity Projects'.

Volunteering Projects are projects where young people are sent by an accredited organisation to volunteer in another European country to exchange ideas, learn, connect and grow. Volunteering may take place in Ireland or abroad. Funding is available for 'Individual Volunteering Projects', 'Volunteering Teams Projects' or 'Preparatory Visits'.

Solidarity Projects are organised by groups of young people who want to make a positive difference at national or international level.

Who can apply?

Any public or private body may apply for funding.

In order to take part in the European Solidarity Corps, organisations need to obtain a quality label, which certifies that they carry out high quality solidarity activities in compliance with the principles, objectives and requirements of the programme. Visit the European Solidarity Corps site for more [information about the Quality Label](#).

The Justice programme is the EU's funding programme to support judicial cooperation in civil and criminal matters.

AIMS & OBJECTIVES

The Justice programme has the general objective of contributing to the further development of a European area of justice based on the rule of law, mutual recognition and mutual trust.

Its three specific objectives are:

Judicial cooperation in civil and criminal matters: to facilitate and support judicial co-operation in civil and criminal matters and to promote the rule of law. This includes supporting efforts to improve the effectiveness of national justice systems and the enforcement of decisions.

Judicial training: to support and promote judicial training with a view to fostering a common legal, judicial and rule of law culture.

Effective access to justice in Europe, including rights of victims of crime and procedural rights in criminal proceedings: to facilitate effective access to justice for all and effective redress, including by electronic means, by promoting efficient civil and criminal procedures and by promoting and supporting the rights of victims of crime, as well as the procedural rights of suspects and accused persons in criminal proceedings.

WHAT DOES IT SUPPORT?

- Training activities (staff exchanges, workshops, development of training modules)
- Mutual learning, cooperation activities, exchange of good practices, peer reviews, development of ICT tools
- Awareness-raising activities, dissemination, conferences
- Analytical activities (studies, data collection, development of common methodologies, indicators, surveys, preparation of guides)

All actions funded by the programme must produce results whose benefits go beyond one single Member State.

WHO CAN APPLY?

The programme mainly supports activities for judiciary and judicial staff, their representative bodies, public authorities and training bodies. It is also open to academic or research institutes and civil society organisations that contribute to the development of a European area of justice.

Rethink Ireland - The Social Innovation Regeneration Fund

The Social Innovation Regeneration Fund aims to build the capacity of social innovations with proven impact and a desire to scale. This Fund has been set up to support previous Rethink Ireland awardees who have encountered a temporary core funding gap and are seeking support to revisit their business model and improve their financial sustainability.

Over the past three years, social innovations have grappled with challenges like the Covid-19 pandemic, enforced closures, the Ukraine war, and the cost-of-living crisis. These changes in the external environment mean that some social innovations are experiencing a core funding gap i.e. a gap of financial resources that can be spent on their core functions, such as senior management salaries, communications, operations, governance, income generation, or other spending that is not project-specific.

This two-year Fund offers a package of cash grants and non-financial supports to a maximum value of €950,000 for up to 3 organisations, to help them address their recent core funding gap by reviewing their financial/business models. Ultimately this Fund aims to support successful applicants to improve their financial sustainability and increase their social impact.

What do successful applicants get?

A minimum 50% uplift on funding secured*

A place on Rethink Ireland's Accelerator Programme

A tailored non financial supports package to support them to improve their financial sustainability including supports in the areas of financial/business modelling, market assessments and growth strategies

Access to Rethink Ireland's networks

*Applicants need to secure philanthropic funding commitments totalling at least €200,000 (€100,000 per annum) to make an application.

The Rethink Ireland Board will decide how much money to award, which may be less than the amount requested. The final amount of the award will depend on how many organisations are selected.

Eligibility & Criteria

Projects must meet both Rethink Ireland’s criteria and the specific criteria for the Social Innovation Regeneration Fund, as set out below:

Rethink Ireland Criteria

- The project must address a critical social issue
- The project must be innovative in an Irish context
- The project must be based in the Republic of Ireland
- The project must have the potential and desire to scale or replicate in Ireland
- The project must provide evidence that it is up and running, or has been tested at least in a minimal way
- Applicants must come from an entity that has a ‘not for profit’ legal form for example, a charity, voluntary organisation, Company Limited by Guarantee among other not-for-profit legal forms.

Social Innovation Regeneration Fund Core Criteria

Applicants must:

- Be a previous recipient of Rethink Ireland funding and have graduated from a Rethink Ireland programme
- Have been operating for at least 3-5 years with a developed strategic plan, funding base and evidence of impact
- Have a proven track record of impact and have clear ambition to increase their impact
- Be experiencing a temporary core funding challenge and have a clear need to revisit their business model
- Have the motivation and capacity to revisit their strategy and business model as part of this Fund
- Be able to secure philanthropic funding commitments totalling at least €200,000 (€100,000 per annum)

Advantageous criteria

- Organisations engaging meaningfully with minority/disadvantaged groups including but not limited to those led by women, ex-prisoners, recovering addicts, Travellers, and migrants.
- Organisations that have a positive effect on Ireland’s Green Transition through their activities/interventions. These criteria apply if the organisation tackles issues related to the environment and green transition such as carbon reduction, biodiversity, sustainable agriculture, pollution and/or the just transition.

FUNDING REQUIREMENTS

You will be required to provide a ‘[Donor Letter of Commitment](#)’ when submitting your application. Please download this letter for editing.

The minimum amount of philanthropic funding eligible for uplift funding is €200,000 (€100,000 per annum).

Note that the Rethink Ireland Board will decide how much money to award, which may be less than the amount requested. The final amount of the award will depend on how many organisations are selected.

If you are successful, you will be asked to provide further evidence to verify the private funding you have secured.

The Arts Council - Festivals Investment Scheme

Round one of the Festivals Investment Scheme (FIS) 2025 is for festivals that commence between 1 January 2025 and 30 of June 2025.

The Arts Council's role is to advocate for and support the development of a diverse and varied arts-festival ecology, and to provide a suite of supports that encourage best-practice festival models that increase opportunities for public engagement and participation in the arts or develop the work of an artist/artform.

In this regard the Arts Council offers financial support to small-to-mid-scale festivals to deliver high-quality arts experiences for audiences, and prioritises programmes engaged with, and relevant to, local communities or communities of interest.

The Arts Council acknowledges the diversity of festival operating models and the rich variety of artform-practice areas presented by festivals and their critical role in broadening public access to the arts. The Council also acknowledges the valuable contribution made by voluntary committees in developing these festivals.

In this regard the Arts Council welcomes applications from organisations (voluntary and professional) operating annual, biennial or triennial festival programmes and supports both multi-disciplinary arts festivals as well as those in a single artform discipline through this award.

The Festivals Investment Scheme is a competitive scheme that offers funding to support the staging of festivals on a non-recurring basis.

It is important to note that funding under this programme is offered on a once-off basis. Therefore, those offered awards in previous funding rounds of the Festival Investment Scheme should not assume that funding will be provided.

There are three bands of funding available:

1. Band A – For awards up to €10,000
2. Band B – For awards of €10,001–€25,000
3. Band C – For awards of €25,001–€45,000

Selecting the appropriate application band for the Festivals Investment Scheme (FIS)

There are three funding bands in the Festivals Investment Scheme and each one is designed to support festivals at different stages of their development. An organisation may make only one

application under the Festivals Investment Scheme in a year (i.e. one application in one band per calendar year). You should choose the one most suitable for your festival organisation. Please refer to the application guidelines for more details.

Important

Applicant organisations that wish to apply to Band B must be established for a minimum of three years and have executed three consecutive festival programmes as a minimum requirement to apply to this band (see section 1.3 Who can apply? in the application guidelines for further details)

Applicant organisations that wish to apply to Band C must be established for a minimum of five years and have executed five consecutive festival programmes as a minimum requirement to apply to this band see section 1.3 Who can apply? in the application guidelines for further details)

Application forms and application materials are only accepted online using the Arts Council's Online System (OLS).

Posted, e-mailed or faxed applications will not be accepted.

Late applications will not be accepted.

How to Apply

Deadline: 30 Apr 2024 (opening) / 30 May 2024 (closing)

SuperValu TidyTowns Competition

The national SuperValu TidyTowns competition is an annual contest organised by the Department of Rural and Community Development. The competition is supported by the title sponsor SuperValu and many other agencies.

The competition involves participating areas being rated on all aspects of their local environment and prizes awarded to the best under many different categories. The overall winner is “Ireland’s Tidiest Town”. which is announced at a national ceremony in September each year.

With progress monitored and detailed feedback provided year on year, most participants initially enter the competition to generate interest about the environment in their community and create a solid platform on which to raise issues with the relevant authorities. Over time, the areas attain a standard where competing for major prizes is within reach. As such it is very much a development programme for towns and villages across Ireland.

Eligibility

The SuperValu TidyTowns competition is open to all areas, big or small, urban or rural, and each are entered under their respective population categories. These range from the smallest, Category A – Under 200, to the largest, Category H – 25,001 and over. Entry is free regardless of the size of an area.

Entrants are the ‘ambassadors’ for their area in SuperValu TidyTowns and therefore are the primary contact in relation to correspondence. Ideally, entry should be made by a broad-based group that represents all sectors of the community.

However, it is not expected that these structures have to be in place before entering. Entry from a credible body, such as a Local Authority, Development Agency, Residents’ Group or Local Business, will also be accepted. Nonetheless, in all cases, it is expected that participation will be used to generate wider interest in the effort within the community. Progress on encouraging broader community involvement is a major part of the SuperValu TidyTowns’ assessment criteria.

Prizes

All main prizes are based on the scores achieved by entrants in the competition as follows –

- Endeavour Awards for the biggest improvement by an entrant in each county from the previous year.

- County Awards for the top three entrants in each county.
- Regional Awards for the top-scoring entrant in each region.
- Gold, Silver and Bronze Medals for entrants with scores that fall within a set range from that year's winning score.
- Category Awards for the highest scoring entrants in the Village, Small Town, Large Town and Large Urban Centre categories.
- Ireland's Tidiest Town Award for the highest scoring entrant in the whole competition.
- There are also separate awards sections for Island entrants and Gaeltacht entrants.

2024 Special Awards

Our sponsored Special Awards are organised in parallel to the main competition and look to reward initiatives focused on improving your community. Entry is open to all TidyTowns Groups as well as other interested individuals or groups. We are delighted to announce some new sponsors under our Special Awards category for 2024.

- Tree Project Award - Prize Fund €1,000
- Gum Litter Taskforce Award - Prize Fund €5,000
- The Climate Action Award - Prize Fund: €6,000
- Young Persons in TidyTowns Award - Prize Fund €5,000
- Town Centre First Award - Prize Fund €5,000
- THE RIAI TOWN CHALLENGE AWARD - PRIZE FUND €5,000
- SUPERVALU AND ASIAM INCLUSIVE COMMUNITIES AWARD - PRIZE FUND €2,000
- Leave No Trace Award - Prize – €1,000 along with a Leave No Trace trained for one day to deliver either an Awareness course or workshop, access to online Leave No Trace Resources and promotion across social media.
- The Waters and Communities Award - Prize Fund €7,000
- Heritage Award - Prize Fund €3,000
- All-Ireland Pollinator Plan – Local Authority Pollinator Award - Prize Fund €10,000

- EPA CIRCULAR ECONOMY AWARD - PRIZE FUND €2,000

PEACEPLUS

PEACEPLUS is a new funding programme designed to support peace and prosperity across Northern Ireland and the border counties of Ireland. PEACEPLUS is the successor programme to both PEACE IV and INTERREG VA.

Aims & Objectives

The overall objective of the PEACEPLUS Programme is to build peace and prosperity.

The programme aims to contribute towards a more prosperous and stable society in Northern Ireland and the Border Region of Ireland. PEACEPLUS focuses on supporting social, economic and regional stability, in particular by promoting cohesion between communities.

The programme will help to address long standing social and economic challenges which have, and continue to, impact on communities, particularly those in rural border areas as well as ongoing challenges that exist in urban settings. It will also recognise the impact of Covid-19 on society and the risks associated with the UK's exit from the EU.

What does it support?

PEACEPLUS aims to achieve its objectives by funding peace and reconciliation activities, and by funding activities that contribute to North/South cross-border economic and territorial development of the region.

The programme focuses on six key Investment Areas:

1. Building Peaceful and Thriving Communities
2. Delivering Economic Regeneration and Transformation
3. Empowering and Investing in Our Young People
4. Healthy and Inclusive Communities
5. Supporting a Sustainable and Better Connected Future
6. Building and Embedding Partnership and Collaboration

Each thematic area of the programme includes a strong community-led focus. PEACEPLUS will involve civil society at all levels, in relation to the development and implementation of actions and initiatives to address societal and community challenges.

Who can apply?

The Programme area includes Northern Ireland and the border counties of Ireland, namely Counties Cavan, Donegal, Leitrim, Louth, Monaghan and Sligo.

However, cross border collaboration is not strictly limited to the administrative borders of the Programme but has a flexible geography depending on the topic concerned. This is called a functional area and allows for organisations and institutions not based in the core Programme area to get involved in projects by linking with partners within the core Programme area.

Budget

A total of €1.1 billion from 2021-2027.

EYF Grants - Pilot Activity Grant

The European Youth Foundation (EYF) is a fund established in 1972 by the Council of Europe to provide financial support for European youth activities. Its purpose is to encourage co-operation among young people in Europe by providing financial support to such European youth activities which serve the promotion of peace, understanding and co-operation in a spirit of respect for the Council of Europe's fundamental values such as human rights, democracy, tolerance and solidarity.

The aim of pilot activity grants is to support actions which address young people's needs or challenges at a local level. The actions have a clear link to the local context and address the [focus themes](#) for pilot activities, as set out by the Joint Council on Youth.

These activities should be based on innovation or on replication of good practice, have a clear youth work dimension and be based on non-formal education principles. The link between the action and the envisioned impact on the community should be clearly thought out.

Format

Pilot Activities are flexible in their format and may utilise a range of approaches, such as training sessions, meetings with experts, local workshops, local actions, visits, campaigns, workshops in schools, festivals etc. An essential feature of a pilot activity is the educational element - the EYF supports education projects, using a [non-formal](#) approach.

The pilot activity can be:

- An awareness raising activity: participants are informed or educated about a topic or an issue, with the intention of influencing their attitudes, behaviours, solutions or responses in their local context. At the end of the activity they can say "I have learned this" or "I am aware of that".
- A Skills development activity: participants develop skills to address identified needs. At the end of the activity they can say: "I can do this" or "I have the ability to do that".
- Collaborative work: participants' skills and knowledge serve as a basis to build and develop an outcome (for example a campaign, guidelines, recommendations etc.) and at the end they can say "I have contributed to the development of this or that".

The maximum duration of a pilot activity project is 6 months.

If you are interested in reading some examples of EYF supported projects from the past years, you can visit the page "[Supported Projects](#)".

Be creative!

Criteria

When assessing applications for pilot activities, the EYF will concentrate on the following criteria:

- Activities addressing challenges affecting young people at a local level. The EYF expects that you highlight a specific challenge or concern affecting young people at a local level based on evidenced needs. Applications will propose ways of tackling the issue, with a view to finding solutions and creating an impact in the community.
- NGOs should be concrete and specific when introducing the local context, the situation of young people, and their challenges and needs. It should be clear how their proposed activity will help respond to these challenges at the local level.
- The EYF expects that youth projects have an educational element and an approach based on non-formal education. Some [resources](#) on our website can give you some insight on how to integrate the [non-formal education](#) principles in your youth activities.
- The EYF expects to clearly see a link to our focus themes and the Council of Europe's youth sector priorities. Your project needs to contribute to one of the priorities of the Council of Europe's youth sector, defined by the Joint Council on Youth (the central co-managed political body of the youth sector). Within the [current priorities](#), the Joint Council on Youth has defined more specific [focus themes](#) for pilot activities to be supported by the European Youth Foundation.
- Projects supported by the European Youth Foundation must be organised by, with and for young people (between 15-30 years old). We will expect to see how young people are involved in the decision making at all stages of the project.
- The EYF will pay particular attention to activities developed with local authorities or social services/workers, and projects involving young people trained in the European Youth Centres or presented by local NGOs supported by an international/European youth NGO.

Eligibility

[Regional networks of youth NGOs](#)

[National youth NGOs](#)

[Local youth NGOs](#)

Local actions may be carried out by international NGOs/networks as part of their work plan and in co-operation with local NGOs. However, only the NGOs mentioned above may submit a Pilot Activity application.

Application Criteria

All the projects must start in 2024. Project must start at least 3 months after the deadline.

These deadlines do not concern the EYF Special call in support of young people from Ukraine. For this special call, applications are received on a rolling basis. For more information, [check the special call webpage](#).

As a reminder, only local and national youth organisations can apply for pilot activity grants. If an interested organisation is not yet registered with the EYF, please register as soon as possible. More information can be found [here](#).

Digital Europe - Girls and Women in Digital

The Digital Europe programme focusses on bringing digital technology to businesses, citizens and public administrations.

AIMS & OBJECTIVES

Digital Europe is the first EU programme that aims to accelerate the recovery and drive the digital transformation of Europe.

The programme is fine-tuned to fill the gap between the research of digital technologies and their deployment, and to bring the results of research to the market - for the benefit of Europe's citizens and businesses, and in particular SMEs.

Investments under the Digital Europe programme supports the Union's twin objectives of a green transition and digital transformation and strengthens the Union's resilience and strategic autonomy.

WHAT DOES IT SUPPORT?

The Digital Europe programme will provide funding for projects in five areas:

1. Supercomputing
2. Artificial intelligence
3. Cybersecurity
4. Advanced digital skills
5. Ensuring the wide use of digital technologies across the economy and society.

WHO CAN APPLY?

- Academia and higher education institutions
- Researchers and research centres
- Public bodies (local, regional, or national)
- Industry and private businesses, including SMEs
- Non-governmental organisations and nonprofits.

Citizens, Equality, Rights and Values Programme (CERV)

Citizenship, Equality, Rights and Values (CERV) is the EU's funding programme for citizens' engagement and the implementation of EU rights and values. It replaces both Europe for Citizens and the Rights, Equality and Citizenship programme.

Aims & Objectives

The Citizens, Equality, Rights and Values (CERV) programme's aims are to:

- protect and promote Union rights and values
- promote rights, non-discrimination, equality, including gender equality
- promote citizens engagement and participation in the democratic life of the Union and exchanges between citizens of different Member States
- raise awareness of the common European history

What does it support?

CERV funds actions:

- promoting non-discrimination and gender equality, the rights of the child, European remembrance and citizens' engagement, as well as combat racism and gender-based violence
- strengthening the protection and promotion of the rule of law and democratic dialogue, transparency and good governance
- supporting, empowering and building the capacity of civil society organisations active in the promotion of values and rights, at local, regional, national and transnational level.

Specific activities funded include:

- training activities, workshops, conferences
- mutual learning and cooperation, capacity building
- town twinning
- media campaigns, awareness raising and dissemination activities

Patagonia Environmental Grants

Patagonia supports environmental organizations with bold, direct-action agendas and a commitment to long-term change.

We support innovative work that addresses the root causes of the environmental crisis and seeks to protect both the environment and affected communities. We focus on places where we've built connections through outdoor recreation and through our network of retail stores, nationally and internationally.

We believe local battles to protect a specific stand of forest, a stretch of river, an indigenous wild species or a community from a polluting refinery build public support and confront larger, more complex issues like climate change, biodiversity loss and environmental justice.

We encourage work that brings underrepresented communities to the forefront of the environmental movement and defend communities whose health and livelihoods are threatened by environmental exploitation.

We support multipronged campaigns that push for greater environmental protections and force the government to abide by its own laws.

We fund work that:

- builds an equitable, inclusive and diverse environmental movement
- confronts systemic bias, discrimination and injustice in environmental policy or outdoor spaces
- is action-oriented
- focuses on root causes
- has a clear strategy
- identifies specific goals and objectives that can be effectively measured to evaluate success
- builds public involvement and civic engagement
- works to build an inclusive and diverse environmental movement
- takes place within the following countries: Argentina, Australia, Austria, Belgium, Canada, Chile, Czechia, Denmark, France, Germany, **Ireland**, Italy, Japan, Korea,

Luxembourg, The Netherlands, Norway, Spain, Sweden, Switzerland, the United Kingdom and the United States.

Patagonia believes that the most direct path to real change is through building grassroots momentum.

Our funding focuses on organizations that have or can create a strong base of support. Because we're a privately held company, we have the freedom to fund risk-taking, off-the-beaten-track groups, and that's where we believe our small grants are most effective.

We accept one proposal per group in a given fiscal year (May 1–April 30). Our typical grant size ranges between \$5,000 and \$15,000. Proposals are reviewed and grants decisions are made by an employee grants council in Europe.

2024 Community Recognition Fund

The funding is specifically targeted at projects that are located in towns and villages that are hosting the Beneficiaries of Temporary Protection and/or International Protection Applicants including towns identified for the rapid build homes programme.

The Fund aims to support the development of facilities that will be used in the future by all members of the community. It is separate in its objectives and scope to any other public funding streams which aim to support the development of public service needs arising from the significant number of arrivals from Ukraine and other countries.

The Community Recognition Fund was first introduced in 2023 to recognise the huge efforts made by communities in welcoming and supporting people coming to Ireland. Through the 2023 allocation, funding of €50 million was approved for some 900 projects in support cities, towns, and villages nationwide. Based on the continued impacts on communities throughout the country and the need to support these communities in welcoming new arrivals, a further €50 million is being provided under the Community Recognition Fund 2024.

Of this fund, €2,140,584 has been allocated to Dublin City Council across 3 application windows as follows:

Application window 1	Up to 31st May 2024
Application window 2	1st August to 30th September 2024
Application window 3	1st January 2025 to 31st January 2025

Funding

Funding is targeted at and specifically invested in those communities, villages, and towns where the highest level of new arrivals are located and where there is a clear need for investment identified. Projects situated in areas that do not have high levels of new arrivals will not be deemed eligible.

Projects to be funded will be capital in nature, deliver medium-long term benefits for the communities in which they are located, and be capable of being delivered over the course of 2025 and 2026. A minimum spend of 50% of the allocation must be incurred in 2025. Eligible projects will receive funding for capital costs, but not for any ongoing operational or running costs.

The minimum level of funding for an individual project is €50,000 with a maximum of €500,000 applying. Smaller projects cannot be artificially combined to meet the minimum threshold of €50,000 – while the 2023 scheme provided funding for small scale investment in clubs and communities (e.g. for small scale equipment), the focus of the 2024 scheme is on projects of greater scale and impact.

Local authorities have scope to invest the funding based on their own distinct local needs as identified through a “bottom-up” approach based on community engagement.

However, the type of projects eligible for funding are:

- development, enhancement or refurbishment of community or cultural facilities including play areas, walkways, parks, community/sensory gardens, allotments, and recreational areas.
- development, enhancement or refurbishment of local club and sports facilities including facilities such as community swimming pools, changing rooms, toilets, digital aids such as score / information boards etc.
- enhancement to school/parish facilities which are open to use by all the community after school hours.
- purchase of equipment for local clubs, festivals, community events and organisations e.g. music, arts, or sports equipment.
- transport infrastructure such as the purchase of community vehicles, bus shelters and attendant information boards; (any vehicle funded must be in good condition and not more than 5 years old)
- projects that help address dereliction and/or wider local economic and community development objectives.
- purchase and refurbishment of vacant or derelict buildings for community use where a clear need is identified.

Purchase of land and associated works for the development of community facilities such as play areas / community gardens, recreational areas etc. (purchases must only be administered by the local authority).
