Table of Contents

EXECUTIVE REPORT 1
  BACKGROUND 1
  POLICY OBJECTIVES 1
  POLICY DETAILS 2
  POLICY ACCEPTANCE AND IMPLEMENTATION 3

1 INTRODUCTION 4
  1.1 BACKGROUND INVESTIGATIONS 4
  1.2 EXTERNAL INVESTIGATIONS 5
  1.3 REPORT FORMAT 5

2 GENERAL 7
  2.1 LEGAL REQUIREMENTS TO SUPPORT POLICIES 7
    2.1.1 Definitions 7
    2.1.2 Drainage Objectives in the Development Plan 7
    2.1.3 Refusal of Planning Permission 8
    2.1.4 Granting of Planning Permission 9
  2.2 DRAINAGE INVOLVEMENT IN NEW DEVELOPMENT 9
  2.3 INTER-LOCAL AUTHORITY DISCHARGES 10
  2.4 LIAISON BETWEEN COUNCILS 11
  2.5 LIAISON WITH THE GDSDS 11
  2.6 DEVELOPMENT ON FLOODPLAINS 12
  2.7 DEVELOPMENT NEAR RIPARIAN CORRIDORS 14
  2.8 BASEMENTS IN NEW DEVELOPMENT 15
  2.9 RANSOM STRIPS 15

3 PROCEDURES 16
  3.1 DEVELOPMENT PLAN LIAISON 16
    3.1.1 Current Arrangements 16
    3.1.2 Proposed Arrangements 16
  3.2 PLANNING APPLICATION PROCEDURES AND APPROVALS 17
    3.2.1 Current Arrangements 17
    3.2.2 Proposed Arrangements 18
  3.3 CONSTRUCTION AND CONNECTION 20
    3.3.1 Current Arrangements 20
    3.3.2 Proposed Arrangements 20
    3.3.3 Details of the Procedure 21
    3.3.4 Recommendations for Drainage Inspectorate 21
  3.4 TAKING-IN-CHARGE PROCEDURES 23
    3.4.1 Current Arrangements 23
    3.4.2 Proposed Arrangements 23
  3.5 TAKING IN CHARGE REQUIREMENTS FOR SEWERAGE AND DRAINAGE 24
    3.5.1 Current Arrangements 24
    3.5.2 Proposed Arrangements 24

4 SUSTAINABLE DRAINAGE SYSTEMS 26
  4.1 THE NEED FOR SUSTAINABLE DRAINAGE SYSTEMS 26
  4.2 PRINCIPLES OF SUSTAINABLE DRAINAGE SYSTEMS 26
  4.3 SuDS TECHNIQUES 27
  4.4 IMPLEMENTATION OF SuDS MEASURES 29
    4.4.1 Co-operation Between Stakeholders 30
    4.4.2 Use of SuDS Measures 31
    4.4.3 Agreement on Design Principles and Parameters 31
    4.4.4 Implementing Effective Whole-life Solutions 31
    4.4.5 Regulatory Requirements for SuDS 32
  4.5 TAKING IN CHARGE SITUATION FOR SuDS 33
4.5.1 Current Arrangements 33
4.5.2 Proposed Arrangements 38
4.6 Financial Arrangements 39
4.7 SuDS Specific Procedures 39
4.7.1 Proposed Arrangements 39

5 FOUL DRAINAGE DESIGN 41
5.1 Current Arrangements 41
5.2 Proposed Arrangements 41
5.2.1 Small Residential Developments (up to 30 Dwellings) 41
5.2.2 Large Residential Developments 41
5.2.3 Commercial, Industrial and Institutional Developments 42
5.2.4 Pumping Mains 42
5.3 Monitoring of Discharges from Developments 43

6 STORMWATER DRAINAGE DESIGN 45
6.1 The Impact of Urban Stormwater Runoff 45
6.2 Principles of Stormwater Design 47
6.3 Design Criteria 48
6.3.1 Sustainability 49
6.3.2 Level of Service 55
6.3.3 Other Design Issues 58
6.3.4 Summary of Design Criteria 60
6.4 Hydraulic Design of Drainage Components - General 62
6.4.1 General Issues Related to Drainage Design 63
6.5 Stormwater Pipe Design 64
6.5.1 Pipe Sizing for Standard Stormwater Networks 64
6.5.2 Pipe Sizing for Stormwater Systems Incorporating SuDS 68
6.5.3 Discharge to Watercourses from Attenuation Storage in Floodplains 68
6.6 Attenuation Storage Design 69
6.6.1 Assessment of Greenfield Site Rate of Runoff 69
6.6.2 Assessment of Development Runoff Rate 71
6.7 “Long Term” Storage Design 72
6.7.1 Assessment of Development Runoff Volumes 72
6.7.2 Assessment of Greenfield Runoff Volumes 73
6.7.3 Estimation of the Difference Between Greenfield and Development Runoff Volumes 73
6.8 Hydraulic Design of SuDS Systems 76
6.8.1 Hydraulic Categories of SuDS Components 77
6.8.2 Retention / Detention Ponds and Tanks 77
6.8.3 Swales 78
6.8.4 Pervious Pavements 81
6.8.5 Filter Drains 82
6.8.6 Infiltration Units – Soakaways, Infiltration Trenches and Flooding of Public Open Spaces 82

7 SPECIFICATIONS 84
7.1 Pipes, Materials, and Fittings 85
7.1.1 Current Arrangements 85
7.2 Proposed Arrangements 86
7.3 Sewerage and Drainage Details 86
7.3.1 Current Arrangements 86
7.3.2 Proposed Arrangements 87
7.4 Building Over or Near Sewers 87
7.5 Monitoring of Construction 88
7.6 Cleaning and Testing of Sewerage and Drainage Systems 90
7.6.1 Current Arrangements 90
7.6.2 Proposed Arrangements 90
7.7 Connections to Existing Drainage Systems 90
7.8 Standards of Construction and Workmanship 91
8 POLICY IMPLEMENTATION

8.1 DETAILS OF IMPLEMENTATION
8.2 ACTIONS AND RESPONSIBILITIES FOR IMPLEMENTATION
