East Wall

Halloween Festival

2014

Halloween has been adopted from the ancient Celtic festival of Samhain. It symbolised the end of the Summer and celebrated the gathering of the harvest. Since 2005 East Wall has organised a family event on Halloween night and this tradition has continued every year since. Back in 2009 the groups expanded this night to a week of events and it has been growing every year since. So this Halloween, we welcome you to get involved in the community and see what the groups in the area are up to.

SEE YOU THERE!
Volunteers Needed

The success of community events such as this depends on the participation of volunteers. In particular we need volunteers to assist with stewarding on the Ghost Walk and on Halloween evening, and as prop carriers on the parade. On Halloween morning volunteers are also needed to set up the Ghost House on Russell Avenue at 10am.

If you would like volunteer please contact Nascadh CDP on 01 8893985/087 0507634 or nascadhcdp@eircom.net
