Partnership

I am delighted to introduce the Dublin City Sport and Wellbeing Partnership which has been established to build and expand upon the very positive work being conducted across all elements under the remit of Dublin City Council's Sport and Recreation Section. With an enhanced emphasis on health and wellbeing and a more strategic approach to the delivery of sports activities and programmes in Dublin City, working closely with our stakeholders, the Partnership will implement and deliver sport and physical activity opportunities to people of all ages and abilities in Dublin City.

Dublin City
**Sport &
Wellbeing**
Partnership

I am very pleased to work with Dublin City Council and the many partners and stakeholders as Chair of the new Dublin City Sport and Wellbeing Partnership. The purpose of this initiative is 3 fold: To improve the quality of life of people living and working in Dublin. To provide opportunities for people living in, working in and visiting Dublin City to partake in sports and physical activities through facilities, infrastructure, services, programmes and events. To have Dublin City recognised as a leader in sports and wellbeing both nationally and internationally. The Partnership will give us the opportunity to develop and implement a strong coherent strategy for sport and wellbeing in the City.
