

To whom it may concern

Road Closure at London Bridge

As part of the River Dodder Flood Alleviation Works, London Bridge will be closed to vehicular traffic from 8th April to 21st July 2013. This is to facilitate raising the bridge parapet on the upstream face of London Bridge and ancillary structural strengthening works in order to alleviate flood risk. A traffic management plan will be in place and we ask that road users follow the traffic diversions as signposted. Pedestrian access will be maintained across the bridge for the duration of the works.

Dublin City Council apologises for any inconvenience caused during the course of these necessary engineering works. Further information may be found on the Dublin City Council website at <http://www.dublincity.ie/WaterWasteEnvironment/waterprojects/Pages/FloodDefenceUnitLowerDodderFloodDefenceWorks.aspx> or by ringing 2224804 or 2225479.
