In 2015 a review of all grants for Community and Social Development was carried out. This review examined the process of the Community Grants scheme as it exists with the following objectives in mind:- quicker processing , more streamlining, transparency, less time consuming system, identifying overlaps, optimum use of IT, timely decisions, more clarity on criteria, evaluations etc.

The grants budget for 2016 was approved by the City Council as part of the annual budgetary process.

The Community Grants allocation of funds for the 5 Dublin City Administrative Areas has been €300,000.00 since 2013, with each of the 5 Areas being allocated a budget of €60,000.00. There was a change in the boundaries of the 5 Areas in 2014 based on the revised Local Government Boundaries. Whereas the funding for the five local areas remained at €300,000.00 for 2016 it was deemed appropriate to reflect the changes in the boundaries by increasing or decreasing the allocation of funds for the 5 areas as follows:-

Area	2015 allocation	2016 allocation	+/-
North West	€60,000.00	€82,375.00	+ €22,375.00
North Central	€60,000.00	€56,500.00	- € 3,500.00
South Central	€60,000.00	€56,500.00	- € 3,500.00
South East	€60,000.00	€63,500.00	+ € 3,500.00
Central	€60,000.00	€41,125.00	- €18,875.00
TOTALS	€300,000.00	€300,000.00	€ 0.00

This process will be further reviewed under the City Local Community Development Committee (LCDC) structure, which ultimately will have strategic planning and oversight responsibility for local and community development interventions at city level. The LCDC is also responsible for developing the strategic Local Economic and Community Plan for the city and pulling together, on an area basis, a range of local and community development spending from different programmes and structures. It is also intended, over time, to have oversight responsibility for the management and disbursement of local and community development funds that currently come from several government sources.

Community Grants Scheme 2016

Taking into consideration the review of the community grants scheme as outlined above a number of options/changes were examined for the implementation of the 2016 community grants scheme. The processes involved have been streamlined in order to make the scheme more transparent.

The 2016 scheme closed on 30th October 2015 and 1,196 valid applications were received. 1,010 grants are hereby recommended to the City Council for approval. The total amount being recommended is €826,100 which comprises €300,000 for local Area projects, €450,350 for City Wide projects and €75,750.00 for Informal Adult Education projects.

The Community and Social Development team will monitor grants awarded on the basis of terms and conditions during 2016. The 2016 grants scheme will again be reviewed with a view to further improving the process for 2017.

Set out also in this report are details of the applications which have a Social Inclusion, Integration, and City Wide remit together with recommendations in relation to the amount of grant assistance for each applicant body.

It is recommended that Dublin City Council make the grants to the Groups/Organisations as set out in this report.
