On Thursday 18th October 2018 the Minister for Rural and Community Development Michael Ring T.D. announced that his Department's funding support for the regeneration of Dublin's North East Inner City will be increased by €2 million to €5.5 million in 2019. Minister Ring made the announcement with the Minister for Finance, Public Expenditure and Reform Paschal Donohoe T.D. at Lourdes Day Care Centre, Sean Mac Dermott St. where the Minister had an opportunity to view the construction works underway at the Centre which were funded by the Department of Rural and Community Development in 2018.

Similar to 2018, funding will be approved for proposals and projects which clearly demonstrate potential to contribute to delivery of the actions set out in the Mulvey Report 2017. €2m will be set aside to provide continued support for the 50 additional community support jobs which have been created in the area in 2018.

An NEIC specific project has been underway in partnership with the Ana Liffey Drug Project since Sept. 2017. An external independent evaluation of Year 1 of the project was commissioned by the Programme Office and this has been completed. P-TECH (Pathways in Technology) – Launch 16th Nov.

Following report to the Committee last month on the P-TECH School Model, considerable progress has been made in discussions between Department of the Taoiseach, Department of Education & Skills and IBM. The Programme will be launched by the Taoiseach at Larkin Community College on Friday 16th November at 12:00 noon. The model, which originated in the U.S. in 2011, is a public education reform initiative that combines secondary school with elements of third-level education and workplace experience. When students graduate, they earn both their traditional second-level qualification (e.g. the Leaving Certificate) and a third-level qualification (e.g. QQI Level 5 or 6), that is directly aligned to job opportunities in digital technology related roles. <http://www.ptech.org/model>

The Big Scream Halloween Festival

The third NEIC Halloween Festival “The Big Scream” was successfully delivered from 22nd – 31st October. The Festival Programme was expanded this year with a range of ancillary events taking place in the run up to Halloween culminating in the finale on Halloween night with a large scale outdoor community event on Killarney Street and Sean MacDermott St. featuring music, gaming, horse & carriage rides, Gymboree, Dracula wedding, and two haunted houses.

Despite the poor weather conditions on the night, feedback from the general public was overwhelmingly positive and there were no reports of anti-social behavior or public order incidents in the vicinity on the night. A number of post-event evaluation exercises are being conducted and will be completed in the coming weeks. Assuming that the findings will be positive it is proposed that funding will be sought from NEIC resources under the Community Events heading to include the Halloween Festival again in 2019.

UPDATE ON NEIC SPORTS PROJECTS
