That this Council agrees to pilot a participatory budget instead of a discretionary fund in one of our 5 areas. A participatory budget would facilitate citizens in local communities to directly decide how to spend the discretionary budget in their area. It would give citizens the direct power to determine spending priorities to improve their community/area.

Participatory Budgeting gives people the power to improve their area and it is empowering, civic minded, educational, fair and transparent. Participatory budgeting is recognised internationally as a way for people to have a direct say in how local money is spent. I believe that it would be a tool for community engagement and for developing participatory democracy in our city. It was done as a pilot in areas of South County Dublin Local Authority, and proved very successful. We could follow their model or tweak to suit us.

This City Council asks that the Chief Executive to begin the process of taking the Iveagh Markets back into the full control of Dublin City Council. The terms of the lease granted to Mr Keane, first in 1997 and then again in 2004 under report number 218/2004 have been frustrated by the actions of the developer.

Report number 218/2004 clause 7 states that "Mr Keane or his nominee shall, within 36 months of the execution of the Agreement for Lease, have completed the redevelopment work on the market buildings and the construction of the hotel in the case of delay due to strikes, lockouts or any other circumstances outside the control of

Mr Keane or his nominee. Such longer period if required to be agreed with Dublin City Council at the time the delay occurs. Mr Keane or his nominee shall not use the premises for any purpose other than redevelopment as a commercial market and the construction of a hotel".

The terms of this extension of the lease have not been met and so Dublin City Council should begin the process to transfer the markets back into their full control with a view to developing the Iveagh Market.

That this Council recognises the selfless commitment of the Irish Defence Forces (Navy, Army and Air Corps) to the people of Ireland in defence of our nation and in the protection of the internal security of the State. In particular, it acknowledges the role played by the Defence Forces in multinational peacekeeping (600 personnel in 13 countries), humanitarian relief (18,000 refugees rescued in the Mediterranean), maritime security and fishery protection.

This Council, in its support for the campaign for Respect and Loyalty, calls on the Government to immediately take action to resolve the issues relating to the pay and conditions of service of Defence Forces Members as they are seriously impacting retention and recruitment.

This council also recognises that Military personnel are the lowest paid in Civil Sector, are subject to military law and will not withdraw labour notwithstanding that they are personally subject to unlimited liability, do not have a union and that their loyalty to serving the state cannot and would never be questioned.
