### **Sustainability Course 2019**

Central Area office would like to thank the participants of the Sustainable Gardening course with Aoife Horticulture (Aoife Munn), which was funded by Central Area Dublin City Council and it was held in Mud Island. The course proved very popular and was such a huge success we might try and repeat it next year!

## Waste management Intensive cleaning of Bins

Images from waste management night shift in relation to washing of the interiors and exterior of litter bins along O Connell St (GPO) side. The interior of the bin is washed to remove any debris and then the crew concentrate on the base of the bin (Plate). Lemon gel is used to freshen the liner and the plate area and the crew then lift and bag any debris. The area around the bin is then washed down to remove any residue and the outer casing of the bin is washed as the crew complete the task.

**Graffiti removed from the following areas by using Waste management  
Between 1<sup>st</sup> June -30<sup>th</sup> June are as follows.**
