

**DUBLIN CITY COUNCIL
2019 Rent Scheme**

1. Commencement Date

This scheme, which supersedes previous Rent Schemes, will apply with effect from 4th March 2019. Rents will be calculated on the basis of principal and subsidiary earners' assessable income on 4th March 2019 and on any changes in incomes after that date.

2. Calculation of Rents

The rent of a dwelling let on differential rent will be calculated as 15% of the principal earner's weekly assessable income, which exceeds €32.00 in the case of a 'single person' principal earner and €64.00 in the case of a 'couple' principal earner. Where a spouse/partner is in receipt of any weekly income over €32.00 the couple allowance will not apply.

After the rent payable in respect of the principal earner has been assessed, 15% of the weekly assessable income of each subsidiary earner, which exceeds €32.00 (€64.00 in the case of a "couple" subsidiary earner), will be added to the weekly rent, subject to the following maximum contributions:

- The maximum weekly rent contribution that will be assessed on the income of any individual subsidiary earner will be €21.00.
- The maximum total weekly rent contribution that will be assessed on the incomes of subsidiary earners in any individual household will be €84.00.

3. Principal/Subsidiary Earner

The principal earner will be the household member who has the highest assessable income. A subsidiary earner will be a member of the household, other than the principal earner, who has an assessable income.

4. Definition of Assessable Income

The assessable income of either a principal earner or of a subsidiary earner will, in general, be that person's normal weekly wage and/or social welfare payment, net of income tax, P.R.S.I. and Universal Social Charge (USC) payments (where applicable). Income from the following sources will be included in assessable income:

- *Employment including self-employment,*
- *social insurance/social assistance payments and allowances,*
- *Health Service Executive allowances, FAS training allowances,*
- *payments under the Community Employment Programme and*
- *the Back to Work scheme and*
- *income from any pensions or other sources.*

Pension Related Deductions, Superannuation, Pension Fund payments or any other deduction apart from income tax, P.R.S.I. and Universal Social Charge payments (where applicable) are not deductible from a person's normal weekly wage for the purposes of calculating rent.

However, income from the following sources will be disregarded for rent assessment purposes:

- *child benefit,*
- *orphans' allowance*
- *fuel allowance*
- *scholarships,*
- *allowances payable for fostering children,*
- *domiciliary care allowance,*
- *allowances/assistance received from any charitable organisation and*

When requested to do so by the City Council, a tenant must complete and return a Household Details Form.

7. Allowances for Dependent Children

A deduction from the weekly rent will be made for each dependent child (i.e. person aged 18 years or under or, who being under 22, is attending a full time course of education). The amount of the deduction will be €1.00 per child per week.

8. Minimum & Maximum Rents

The minimum rent under this Scheme will be €25.65 based on the basic Social Welfare rate of payment of €203.00. Where appropriate relevant property charges will apply in addition to the minimum rent.

The following maximum rents will apply to dwellings with effect from 5th March 2012:

10. Hardship

Where an Officer in Charge of the Rents Section is satisfied that there are exceptional factors adversely affecting the social functioning of a household and contributing to the tenant's inability to pay the rent assessed in accordance with this Rent Scheme, or where the payment of that rent would give rise to undue hardship, he/she may authorise a reduction in the rent assessed under this Scheme by up to 50% for a period of up to six months in respect of that household.

11. New Lettings

It will be the policy for all new lettings that the tenant must sign a Household Budget or direct debit deduction form.

12. Heating Charge

Various charges may apply which are specific to the property.

13. Waste Management Charge

A €3 charge per week applies to all flat complexes where there is a universal bin. The charge also applies to part V properties.
