

# Donnybrook Road to Clonskeagh Road Dodder Greenway Route INFORMATION LEAFLET

## WHAT'S IN THIS LEAFLET?

- 1 Project Overview
- 2 Benefits of the Scheme
- 3 Need for the Scheme
- 4 Key Features
- 5 Traffic Disruption
- 6 How to Contact Us

## 1 PROJECT OVERVIEW

Dublin City Council will deliver the Active Travel Network through a series of infrastructure projects over the coming years. The Network will grow from its existing 10km to a connected network of 310km across the city. It will offer safer, inclusive and more sustainable travel options.

Donnybrook Road to Clonskeagh Road has been identified as a suitable location for 0.8km of rapid build walking and cycling facilities along the Dodder Greenway corridor. The overall Dodder Greenway project will deliver high quality walking and cycling facilities along the Dodder River from the sea to the mountains through Dublin City Council, Dún Laoghaire Rathdown County Council and South Dublin County Council.

## TIMELINE

Q2 2023

Q4 2023

Q1 2024

Q3 2024

Concept Design

Public Consultation

Planning & Detailed Design

Scheme Construction

## 2 WHAT ARE THE BENEFITS OF THE SCHEME?

- Provide quality, protected cycling facilities to cater for all ages and abilities along the Dodder River
- Facilitate a more active lifestyle for all ages bringing multiple benefits for physical and mental wellbeing
- Provide improved pedestrian and cycle crossing facilities at the junction of Beech Hill Avenue and Beaver Row and also across Clonskeagh Road

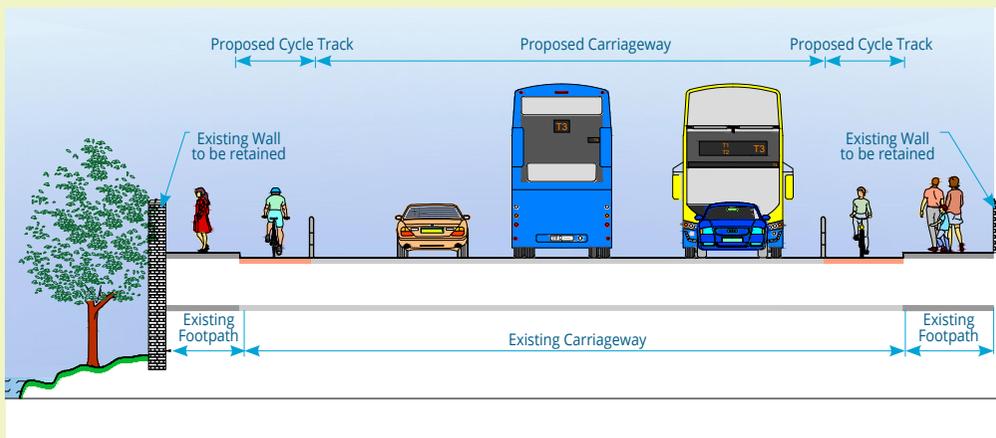

## 3 WHAT IS THE NEED FOR THE SCHEME?

- Improve walking and cycling facilities for the local communities, facilitating modal shift towards more sustainable modes for both commuting and leisure travel
- Provide a link along the Dodder River and into future cycle and public transport schemes
- Contribute to a reduction in transport emissions in line with the objectives of the Climate Action Plan

## 4 KEY FEATURES

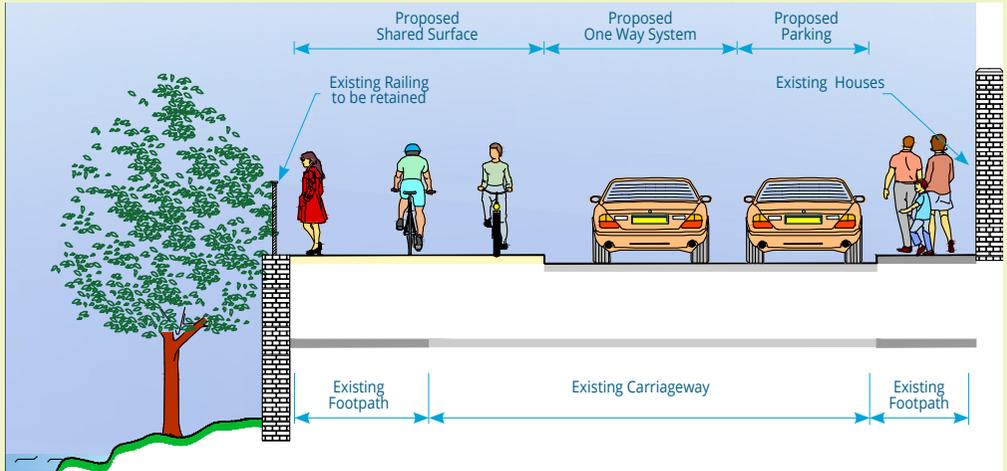

### Stillorgan Road Junction to Beech Hill Avenue Junction

One-way protected cycle lanes will be provided on both sides of Beaver Row between Stillorgan Road and Beech Hill Avenue. Two-way traffic will be maintained on this section and access to the Dublin Bus garage will be retained. The junction of Beech Hill Avenue and Beaver Row will be signalised.

## Beech Hill Avenue Junction to Smurfit Kappa Entrance

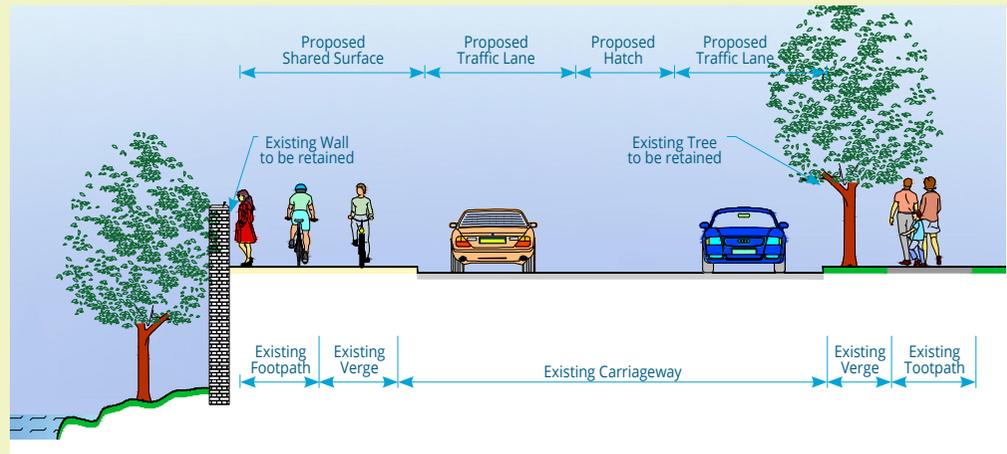

A shared walking and cycling facility will be provided on the western side of the road between Beech Hill Avenue junction and the entrance to Smurfit Kappa. To facilitate this, a one-way traffic system will be introduced from the entrance to Smurfit Kappa up to Beech Hill Avenue junction, allowing vehicles to travel northbound only. Southbound vehicles will be required to use alternative routes. See DCC Active Travel website for more details.

Existing parking spaces on the eastern side of the road along the Beaver Row cottages will be maintained. The existing footpath on the eastern side of the road will be maintained.

## Smurfit Kappa Entrance to Clonskeagh Road

A shared walking and cycling facility continues on the western side of Beech Hill Road. Traffic flows along this section will remain two-way. The existing pedestrian crossings will be upgraded to pedestrian and cyclist crossings.

Proposed Scheme  
on Beaver Row

## 5 MINOR TRAFFIC DISRUPTION DURING INSTALLATION

It is anticipated that the installation works on this scheme will commence in Q3 2024. In order to deliver this scheme, Dublin City Council, in collaboration with our contractor, will endeavor to minimise traffic disruptions as much as possible.

## 6 HOW TO CONTACT US

We are seeking public engagement on the current scheme proposals. If you would like to view additional information or make a submission to DCC on this project, please see the options below:
