

DUBLIN CITY DEVELOPMENT PLAN 2005-2011

PLEAN FORBARTHA CHATHAIR BHAILE ÁTHA CLIATH

VOLUME 3 - RECORD OF PROTECTED STRUCTURES

NOTE:

This document is the Record of Protected Structures which existed on 14th March 2005. It should be noted that additions to and deletions from the Record of Protected Structures are made on an ongoing basis and amendments to the Record can be viewed on the Dublin City Council website at www.dublincity.ie

The Dublin City Development Plan 2005-2011, made by the City Council on 14 February 2005, came into effect on the 14 March 2005. The Plan evolved from the statutory review of the Dublin City Development Plan 1999, required by the Planning and Development Acts 2000-2002.

The Plan consists of:

- Volume 1 - Written Statement
- Volume 2 - Nine separate maps indicating development objectives for the city area
- Volume 3 - The Record of Protected Structures

National Conservation Grants

Dublin City Council administers the national Conservation Grants Scheme for the Dublin City Area. Under the scheme grants will be awarded for specified works to structures which are on the Record of protected Structures.

The fundamental objective of undertaking conservation works on a structure should be to restrain the process of decay without damaging the character of a structure or altering the fabric and features which make the structure of special architectural, historical, archaeological, artistic, cultural, scientific, social or technical interest. To qualify, works should normally be carried out using traditional methods and materials, appropriate to the structure, its history and its condition. When replacement is necessary, it should be done on a like-for-like basis. Because of the importance of retaining historic fabric, a number of small repairs, eg. piecing-in of new elements in a historic window, will often be more appropriate than complete renewal.

The department of the Environment and local Government's Conservation Guidelines of 2005, sets out the methods and standards of conservation required for works grant-aided under the scheme.

Grants are allocated on a yearly basis and notification of the latest date for receipt of applications (normally the end of January each year) is posted in the local press at the end of each year.
