Calling City Neighbours

Teachtaireacht ó Bhainisteoir na Cathrach - Message from the City Manager

Thank you to all those who entered the 2009 Dublin City Neighbourhoods Awards and congratulations to all the winners. It's time once again to prepare for this year's Competition and I have great pleasure to invite you once again to be involved.

Last Year the competition was changed to include three new categories, Residential, Business and Schools.

The format of the competition proved to be very successful and I would like to build on that success this year. Residents, Business and Schools were very involved in clean-ups during the year which shows what a difference community effort can make to a neighbourhood. As I have said in the past in my message to you, each year we look for a new dimension to the competition. This year I would like to encourage the Schools, particularly Secondary Schools to enter the competition as the city needs young vibrant innovative people to continue the work in creating civic pride. The schools competition will be a separate competition with judging taking place in September and there will be awards at both area and citywide levels. The citywide Awards Ceremony for Schools will be held in Mansion House or City Hall at a daytime reception.

The Dublin City Neighbourhoods Awards is about acknowledging in a meaningful way the fantastic selfless work done for our city by people in communities, business and schools. It is important that all residents and business associations' work together with the schools to help create a better environment to live, learn and work in.

The competition places a big emphasis on "Community effort" which should include initiatives in communications, organising of events, clean-ups etc in the local area throughout the year.

The overall winner and runner-up in each of the 3 competitions, Residential, Business and Schools will in turn be nominated to the annual Living Dublin Awards.

The real reward is getting to know your neighbour and improving your environment.
