The lands identified are:

4. O'Devany Gardens, North Circular Road.

The City Council propose to formulate proposals for parcels of land at the four identified sites.

A project team is established to review the current master plans for each site, and prepare a comprehensive assessment of the site in the following context.

- Planning
- Architecture
- Financial/ Economic measures to facilitate the development of mixed tenure housing.

A report will be made to the Housing and Residential Services SPC by end of 2015.
