

Instructions for a Facility (Consignee) Registering as a User on the Waste Regulation Management System (WRMS)

General Instructions:

- a) **Read the instructions below carefully before completing the Waste Transfer Form (WTF)**
- b) If you have any queries regarding the completion of the Waste Transfer Form (WTF) please email Dublin City Council at nationaltfs@dublincity.ie or telephone any of the following: 01 222 4402/4522 or 4467.
- c) A WTF **must be completed and submitted** prior to a collection being made and any forms created by a user can be accessed via the webpage <https://wrms.dublincity.ie/wrms/frontoffice/>
- d) As the WTF are completed and submitted on-line, you must first log on to the webpage <https://wrms.dublincity.ie/wrms/frontoffice/> Please refer to page 3 of this guidance document for instructions on how to register as a user and how to complete your first WTF.
- e) If the account is being accessed by more than one user a **generic account with a shared username and password** should be created and circulated to all users. The system will only enable users to view records they have personally created. Where the user is a facility, they will also see all of the forms where their facility is identified as the destination for a waste shipment.
- f) To create a WTF, simply log on to the webpage <https://wrms.dublincity.ie/wrms/frontoffice/> once your registration form has been approved. Enter your user name and password. The user name is your email address and the password is the one you chose when registering. On the left hand panel click on Create WTF (first item under the third heading).
- g) As you are entering the details on line it important that you remember to **Save** as you go. You may enter some of your details and save the WTF. You may leave it and log out if you wish and then return to continue your entry when you are ready. Always remember to **Save** as you go as otherwise any data you enter will be lost and will not be available the next time you log in.
- h) **Do NOT CLICK ON SAVE AND SUBMIT until you have entered all your data and are satisfied that it is correct.** Once you click on the **Save and Submit** button, you will no longer be able to add to or delete from or amend your WTF in any way without contacting staff in Dublin City Council.
- i) For **each relevant EWC Code**, the quantity of waste shipped must be recorded in TONNES - decimal points can be entered however commas cannot be entered (i.e. 1,500)

Conversion factors: 1,000 kg = 1 tonne, 1 gallon = 4.55 litres, 1,000 litres = 1 tonne (for liquids).

- j) **Information provided may be subject to verification by audit** therefore, all underlying data should be kept and all assumptions and calculations documented. **Please print and / or save a copy of your WTF(s) once it is complete. A hard copy of the WTF must be retained by the facility together with any additional documents e.g. collection annex. If any annotations have been made to the hard copy WTF (e.g. collection of an additional item/EWC code), the system must be updated so that both versions of the completed form contain the same information.**

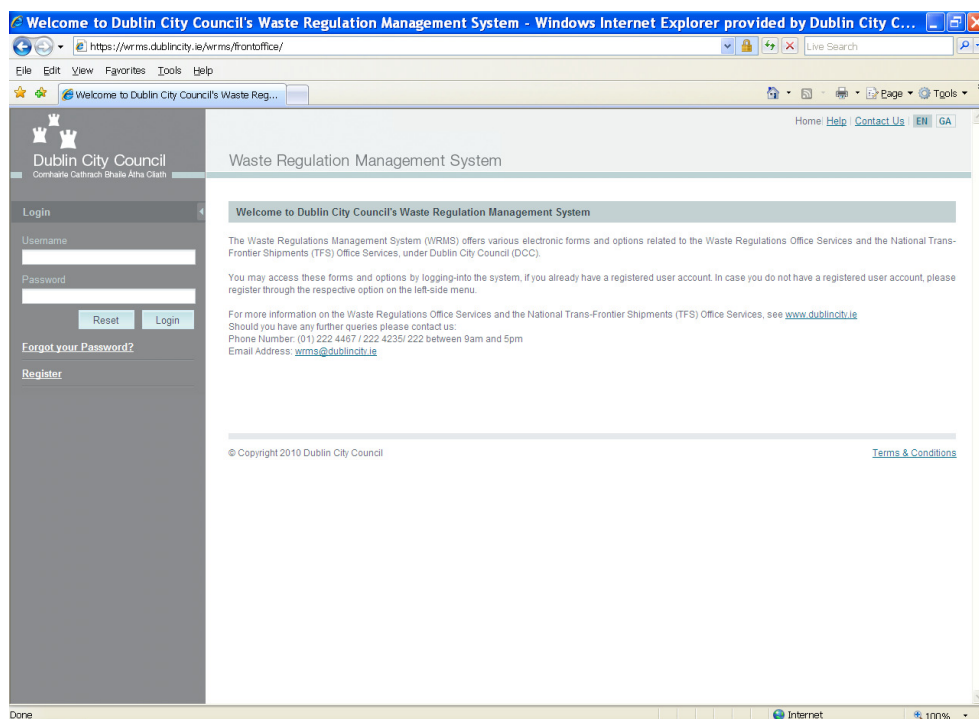

Instructions for a facility (consignee) completing the Waste Transfer Form (WTF)

There are two stages to this process.

1. You will need to register with Dublin City Council as a user of the WRMS System.
2. Once you are approved as a web user, you will need to log back into the WRMS System and create, complete and submit your Waste Transfer Form.

1. Registration

1. Log on the webpage: <https://wrms.dublincity.ie/wrms/frontoffice/>

2. In the left hand panel click on Register. Enter all your details including your email address and password. If you are registering on behalf of a facility or company and you wish this name to display on forms within the system then the **registered company name/name of the licensed facility** should appear over the “First Name” “Last Name”
3. The password you choose to use must be at least 8 characters long and include at least one of each of the following: number, capital letter, small letter and other character e.g. %^*{.
4. It is very important that you enter the contact telephone number of the person who is completing the reports. This will enable staff in Dublin City Council to sort out any queries / irregularities as quickly as possible.
5. **If you are registering as a facility which accepts hazardous waste under the current C1 system please tick the box “Functioning as Consignee in WTF” and provide the relevant waste license/permit number.**

6. Once you have entered all your details, please check them to make sure they are correct.
7. Keep a note of the password you used, as you will need it again in order to be able to log in and complete and submit any records you create in the system.
8. Click on the **Register** button. Your completed registration form will then be submitted to Dublin City Council for approval.

A member of staff will then approve you as a web user of the system as soon as possible.

Please allow 2 working days for approval, after 2 working days you may log back on to <https://wrms.dublincity.ie/wrms/frontoffice/> and create your report.

NB: If the account is being accessed by more than one user, a generic account with a shared username and password should be created and circulated to all users. The system will only enable users to view records they have personally created.

HAZARDOUS WASTE SHIPMENTS – Creating a Waste Transfer Form (WTF)

In order to create a WTF, the user should follow the steps below:

1. Click on the link **Create WTF** in the left-side menu. The initial page of the Create WTF is displayed in the main page.

The screenshot shows the 'Create WTF' form. At the top is a header bar labeled 'Create WTF'. Below it is a section titled 'List of WTF to Create per County' with a dropdown arrow. Under this section is a table with the following structure:

	Number of WTF	County	Actions
<input type="button" value="Delete"/>			<input type="button" value="Add"/>

Below the table are several input fields for form details:

- Consignor/Consignee: *
- Consignee: *
- Name:
- Address Line 1:
- Address Line 2:
- Address Line 3:
- Address Line 4:
- Country:
- County:
- Amount Due:

At the bottom right of the form is a 'Cancel' button.

2. Fill in the List of WTF to Create per County, through the respective pop-up window.

The screenshot shows a pop-up window titled 'Number of WTF for Specific County'. It contains the following fields:

- Number of WTF: *
- County: *

At the bottom right of the pop-up are two buttons: 'Update' and 'Cancel'. A close button (X) is located in the bottom right corner of the window frame.

3. Specify whether the user purchasing the form(s) is belonging to the Consignor or Consignee organisation.

4. Specify the Consignee (facility receiving the waste), through the respective pop-up window.

Click on any of the icons "<<", "<", ">>", ">" or on a specific page number link, over and under the list of search results. The corresponding page of the search results is displayed in the lower part of the Search for WTF page.

5. Click under or over a column header in the list of search results. The search results are sorted respectively in an ascending or descending order based on the specific data field.
6. Click on the button "EXPORT RESULTS". A pop-up window is opened, asking the user to open or save an Excel compatible file with the specific search results.

Note 1: If the button "CLEAR" is clicked, all search criteria fields are emptied.

Note 2: If no results are retrieved, the system displays a respective message to the user in the same Search for WTF page (i.e. "No matching records found.").

Note 3: By default, upon accessing the Search for WTF page, all WTF created by the specific user, as well as, all WTF created by other users of the same organisation to which the user belongs if the specific organisation is specified as the Consignee of the respective WTF during the WTF creation, are displayed in the list of results.

Note 4: By default, the search results are ordered in an ascending order by "WTF Number".

Note 5: The system is configured to display 10 results per page.

Note 6: The search field "County of Waste Origin" refers to the county specified under the Consignor address

Note 7: The search field "EWC Codes" refers to the EWC codes specified under both the Consignor-Carrier and Consignee parts

There are also a number of mandatory fields which are denoted by a red asterisk *. Information must be entered in these fields in order for the form to save.

When accessed through the Search for WTF page, the Select EWC Codes pop-up page allows the user to select more than one EWC code.

4. Click on the button “SAVE”. The WTF is updated and the Summary section of the View WTF form is displayed in the main page.

Note 1: The button “SAVE & SUBMIT” is available only if the field Status is set to “Draft”.

Note 2: If the button “SAVE & SUBMIT” is clicked, the field Status is set to “Active”.

Note 3: If the button “CANCEL” is clicked, no update of the WTF is saved and the Search for WTF page is displayed to the user.

Note 4: If any of the mandatory fields (i.e. marked with red asterisk) is missing or specific fields have values within a certain acceptable range (i.e. field “Date Received” has a value no later than the current date), a respective error message is displayed to the user when s/he clicks on the buttons “SAVE” or “SAVE & SUBMIT”.

Note 5: If the user has updated the field Date Received and clicked on button “SAVE” to save the updated WTF information, the system updates the field Status to “Completed”.

Note 6: If the user that edits a specific WTF is specified as Consignor of the respective WTF during its creation, s/he will be able to edit only the first 2 parts of the WTF (i.e. “WTF Summary” and “Consignor-Carrier Part”).

Note 7: If the user that edits a specific WTF belongs to an organisation specified as Consignee of the respective WTF during its creation, s/he will be able to edit all parts of the WTF.

Note 8: If the user clicks at any other button/link while editing the WTF, a warning message is displayed to her/him for saving or rejecting the changes made in the WTF (i.e. “To navigate away from this form, please click on button Save, Save & Submit or Cancel”).

VIEW WASTE TRANSFER FORM

In order to view the information of an existing WTF, the user should follow the steps below:

1. Click on the page icon under Actions in the Search for WTF page for a specific WTF. The Summary section of the View WTF page is displayed in the main page.

The screenshot displays the 'View WTF' form. At the top, there is a header bar with the title 'View WTF' and two links: 'Edit' and 'Print preview'. Below the header, there are three tab headers: 'WTF Summary' (which is active), 'Consignor - Carrier Part', and 'Consignee Part'. The main content area shows the following information: WTF Number: DCC000002, Status: Active, and Consignor Name: Ecosafe Systems Ltd. A section titled 'Consignor Address' contains the following details: Address Line 1: Arlington Road 123, Address Line 2: Block 3, Address Line 3: Dublin, Address Line 4: (empty), County: Dublin City, and Country: Ireland. At the bottom, the Consignee is listed as AIBP Ltd T/A AIBP Rathkeale.

Alternatively, the View WTF page can be accessed by clicking on the button “SAVE” or “SAVE & SUBMIT” in the Edit WTF page.

2. Click on the tab headers to navigate through the other sections of the View WTF form.

EXPORT WASTE TRANSFER FORM

In order to export the information of an existing WTF, the user should follow the steps below:

1. Click on the blue arrow under Actions in the Search for WTF page for a specific WTF. The system exports the information of the respective WTF into an Excel-compatible file and prompts the user to open or save this locally at her/his PC.

PRINT WASTE TRANSFER FORM

In order to print the information of an existing WTF, the user should follow the steps below:

1. Click on the printer icon under Actions in the Search for WTF page for a specific WTF. The system presents in a pop-up window the WTF information in print-preview mode.
