

Sport Officers

Our 18 Sport Officers are based in local communities around the City developing and implementing sport and physical activity programmes and services in conjunction with key stakeholders.

Our Sport Officers are responsible for the delivery of core programmes in their communities plus the development of specific programmes to cater for local needs. In addition, they work on National and Citywide initiatives such as Operation Transformation walks and run, the Great Dublin Bike Ride and the Women's Rugby World Cup legacy programme plus deliver and facilitate training programmes such as Safeguarding, Disability Inclusion Training and Sport Specific Coaching Badges.

Partnership Launch

Meet Your Sport Officers
